VACANCY

Pumps CAL Inspector –Night Shift

We currently have a permanent position available for a CAL Inspector to work night shift on the pumps CAL inspection line.

The role involves inspecting products at the end of the line in accordance with customer criteria, to adhere to the CAL standard operating procedure and to identify non-conforming products for further inspection or rework.

To be successful in this role you will need previous inspection experience together with product knowledge of pumps, the ability to interpret procedures and work on your own initiative.

If you have relevant experience, good communication skills, work safely and accurately, are flexible and reliable then we want to hear from you.

A full job description can be obtained from the HR department.

Applications should be forwarded in writing, via supervision to the Human Resources & Training Department by Friday 26th October 2018 at 1.30pm.
